

VineyardFresh®

WINE PRESERVER

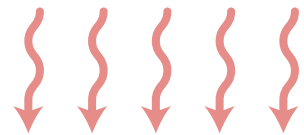

“Fresh Wine Everytime”™

Instructions:

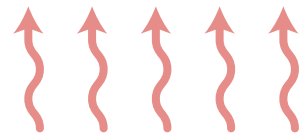

1. Remove protective cap and point the button inside the neck of your open bottle.
2. Press down firmly on the button and release, repeat, creating two quick bursts.
3. Leisurely recork -
VineyardFresh is heavier than oxygen and will stay in the bottle once sprayed. Use the original cork, screwtop or your choice of decorative bottle stopper.
No special stopper required.
4. Store upright until you decide to have your next **VineyardFresh** glass or wine.

Heavier Than Air
